ENDLESS EXPRESSIONS OF LIGHT

These architectural building blocks are fundamental design tools that enable you to tailor your lighting design ideas to fit each unique space beautifully.

Whether a simple luminous line is needed or a complex pattern combining luminous angles and sweeping curves, this lighting provides limitless possibilities.

PERFORMANCE + VERSATILITY

- 5" x 5" luminous cross-section
- Smooth, continuous lines of light
- Up to 1,055 lumens per foot
- Luminous on three sides, with a 70% direct/
30% indirect distribution
- Integral power supply channel with easy daisy
chain wiring
- Up to 550' of continuous light with just one
power drop

LINES

- Crisp, clean lines with fully luminous ends
- 2' to 8' lengths cover a wide range of project needs

Catalog ID	Size	Wattage	Delivered Lumens
AIP12071	2'	10	1,041
		20	2,082
	3'	15	1,562
		30	3,123
	4'	20	2,082
		40	4,164
	6'	31	3,227
		62	6,454
	8'	40	4,164
		81	8,432

Power drop kit required for each continuous run (CPS12153).

ARCS

- Smooth, flowing curves in three standard sizes
- Custom radii available; contact factory

Catalog ID	Size	Wattage	Delivered Lumens
AIP12072	3' - 90° arc	21	2,145
		42	4,291
	4' - 90° arc	29	2,963
		58	5,925
	5' - 45° arc	19	1,941
		37	3,780

Power drop kit required for each continuous run (CPS12153).

CONNECTORS

- Turn corners, create shapes, and make patterns with ease using five standard connectors
- Fully luminous with no breaks in light

Catalog ID	Type	Wattage	Delivered Lumens
AIP12073	+	13	1,353
		25	2,603
	120° V	6	625
		11	1,145
	120° Y	8	833
		16	1,666
	L	8	833
		14	1,457
	T	11	1,145
		22	2,290

Power drop kit required for each continuous run (CPS12153).
