# ARCHITECTURAL + PERFORMANCE

A cornerstone of our luminous forms collection, Novato Ring is renowned for its uniform, three-sided illumination, versatility, and high performance. With efficacy over 100 lumens per watt delivered, it can often be the only light source needed in a space, providing both the aesthetics and the performance you require.

FINE ARTS BUILDING  
TIFTON, GA

# FORM MEETS FUNCTION

- Three-sided luminous form brightens horizontal and vertical planes
- 70% direct/30% indirect distribution
- Up to 102 lumens per watt
- Can be the only light source needed in a space
- Crisp, clean edges give the shape a clear definition
- Super clean mounting options with just one drop for all sizes

# PENDANTS

- The widest range of standard sizes and configurations on the market
- Integral drivers
