

FABRICATION – THREE POSITIONS AVAILABLE

SPI Lighting, Inc., a leading manufacturer of architectural and performance lighting systems, is currently seeking a Brake Press Operator, a Turret Punch Press Operator and a Vertical Machining Center Setup/Operator.

We are currently seeking an experienced Brake Press operator to operate and set up our Amada brake press. This candidate should be proficient in the selection of, and set up of European style tooling.

We are also looking for a candidate who has had Previous Amada Vipros Turret Punch experience. This position requires the ability to disassemble, and re-set Amada, Wilson, and Mate cartridge style turret tooling.

The third position is for a Vertical Machining Center operator. The ability to select and download existing programs is required for all three positions. All three positions also require basic inspection methods to ensure part to print quality.

As a member of our fabrication team, you will be responsible for reading job specifications and interpreting blueprints to determine machine settings and material requirements. Cross training on other fabrication equipment such as (shear, press brake, saws, turret punch, light machining & various other hand tools); and monitoring inventory of on-hand materials is also a requirement of this position.

Required qualifications and experience:

- 1 year or more of Turret Punch Press, Brake Press, or Vertical Machining Center
- Experience using basic measuring tools and equipment.
- Experience reading and interpreting blueprints.
- Ability to read and interpret other documents.
- Accurately record set up and run times.
- High attention to detail and accuracy.
- A high school diploma or GED.
- Physical requirements:
 - Operate equipment and hand tools
 - Stand, walk, reach, bend, climb, balance and use hands and fingers
 - Regularly lift up to 50 pounds.

SPI Lighting, Inc. offers a competitive salary, comprehensive benefits package and an excellent working environment. Qualified candidates should submit their resume with salary requirements to:
