

# IMPORTANT SAFETY AND INSTALLATION INSTRUCTIONS

**WARNING:** Risk of fire and electrical shock. This product is to be installed by a qualified electrician only.

**CAUTION:** When using electrical equipment, basic safety precautions should always be followed including the following: Read all instructions carefully before installation and save

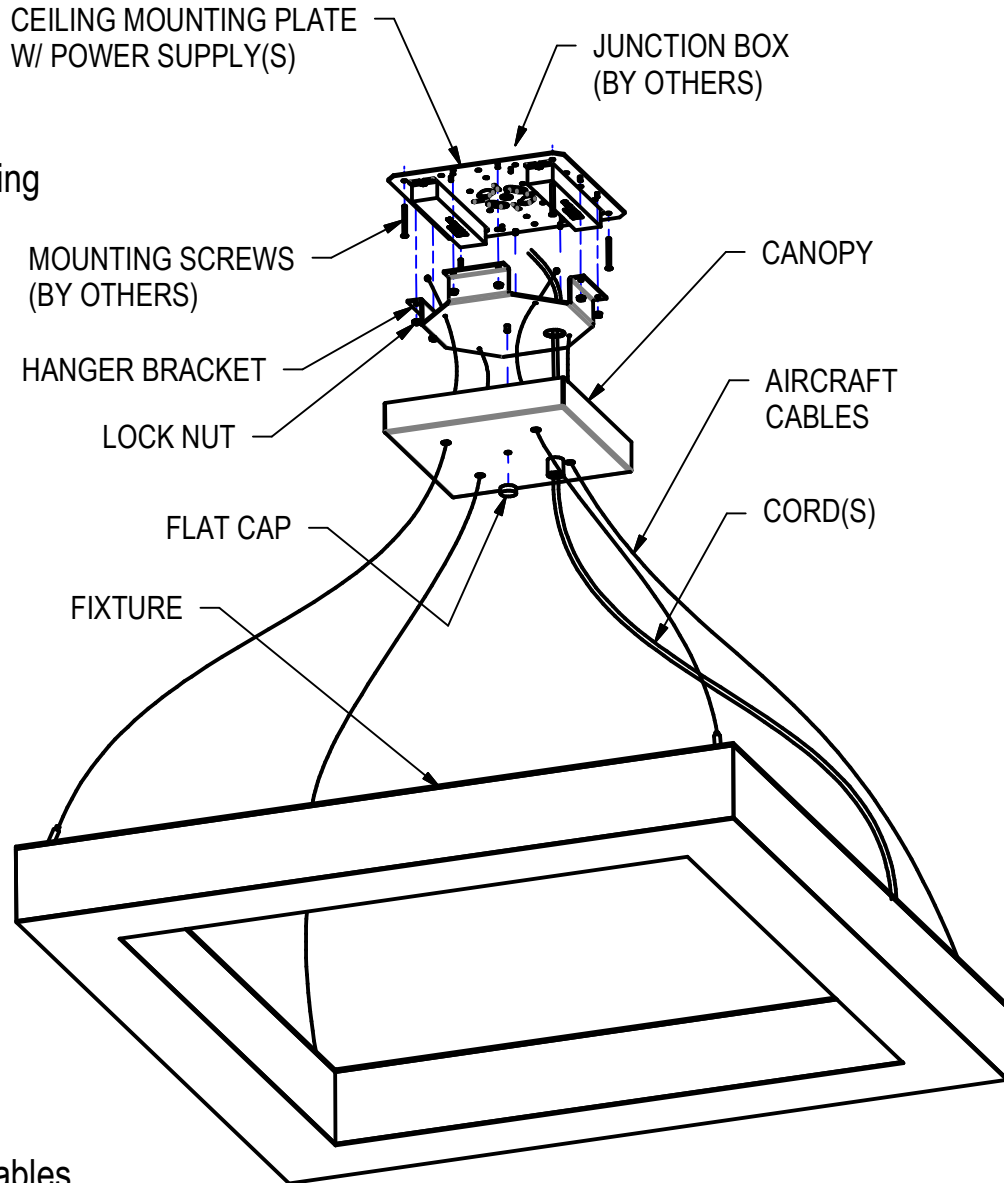

for future use. Make sure installation and all connections are in accordance with National Electrical Code and any local regulations. To avoid possible electrical shock, be sure that power supply is turned off before installing or servicing this fixture. Servicing should be performed by qualified service personnel.

These instructions do not claim to cover all details or variations. When additional information is desired, please contact your SPI representative.

## NOVATO SQUARE PENDANT

### INSTALLATION STEPS:

1. Fasten Ceiling Mounting Plate onto Junction Box. Secure to ceiling using auxiliary mounting holes with screws (by others.) Make incoming power connections per local and state codes.
2. Feed Aircraft Cables through Hanger Bracket and then through Canopy as shown. Feed Cables through Adjustable Cable Grippers on Fixture.
3. Lift Fixture and attached Hanger Bracket to Ceiling Mounting Plate with Lock Nuts. Raise Fixture to approximate finished height.
4. Feed Cord through Canopy and then through Hanger Bracket. Make electrical connections with Power Supply(s). Add strain relief.
5. Position Canopy over Hanger Bracket and secure with Flat Cap. Adjust Fixture position with Aircraft Cables.
