ECHO Shapes - Wall Mount

Note: Size and shape of fixture may vary.

WALL MOUNT INSTRUCTIONS

1. Mount wall plate over the octagonal junction box. Auxillary mounting required for 2' wide fixtures.
2. While using the support cable to hold the fixture, make all electrical connections per local codes.
3. Apply silicone to the three flanges of the back box.
4. Lift the fixture up and hook the top edge of the back box to the top flange of the wall plate. (be carefull not to pinch any wires)
5. Swing the fixture down against the wall.
6. Secure the fixture by tightening the two set screws located on the bottom of the back box.
7. Inspect the water tight seal between the fixture and the wall. Repair or add silicone as needed.
