

IMPORTANT SAFETY AND INSTALLATION INSTRUCTIONS

WARNING: Risk of fire and electrical shock. This product is to be installed by a qualified electrician only.

CAUTION: When using electrical equipment, basic safety precautions should always be followed including the following: Read all instructions carefully before installation and save

for future use. Make sure installation and all connections are in accordance with National Electrical Code and any local regulations. To avoid possible electrical shock, be sure that power supply is turned off before installing or servicing this fixture. Servicing should be performed by qualified service personnel.

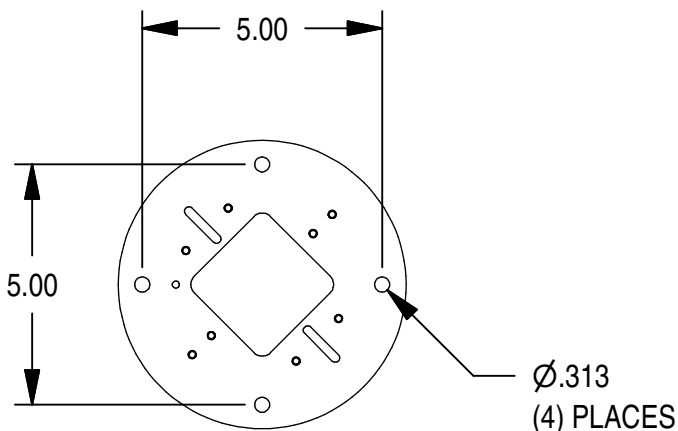

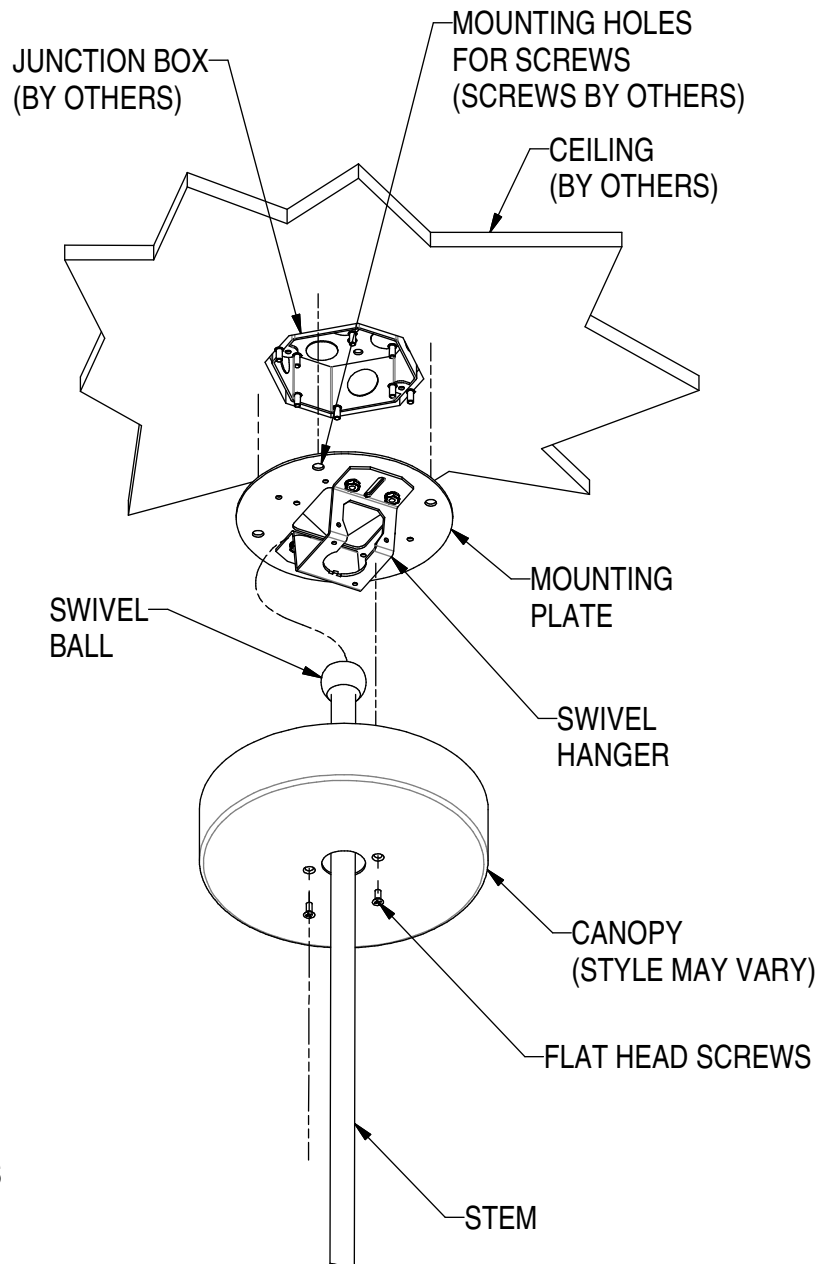

These instructions do not claim to cover all details or variations. When additional information is desired, please contact your SPI representative.

PENDANT MOUNTING - 45 DEGREE SWIVEL W/ MTG. PLATE

[A] Position the Mounting Plate below junction box and secure to ceiling using the auxiliary mounting holes. See "Mounting Detail" below for hole dimensions. Screws (by others) should be anchored into ceiling structure.

[B] Hang fixture by placing the Swivel Ball and Stem through opening in side of Swivel Hanger and allow Swivel Ball to rest in the bottom of the Swivel Hanger. Position the Swivel Ball so the tab on the Swivel Hanger is positioned in the slot of the Swivel Ball.

[C] Make wire connections. When connections are complete, secure the Canopy to the Swivel Hanger with the Flat Head Screws.
