

# IMPORTANT SAFETY AND INSTALLATION INSTRUCTIONS

**WARNING:** Risk of fire and electrical shock. This product is to be installed by a qualified electrician only.

**CAUTION:** When using electrical equipment, basic safety precautions should always be followed including the following: Read all instructions carefully before installation and save

for future use. Make sure installation and all connections are in accordance with National Electrical Code and any local regulations. To avoid possible electrical shock, be sure that power supply is turned off before installing or servicing this fixture. Servicing should be performed by qualified service personnel.

These instructions do not claim to cover all details or variations. When additional information is desired, please contact your SPI representative.

## SHAPES / REFLECTIONS - CLUSTER PENDANT INSTALLATION

**NOTE: THIS FIXTURE MUST BE MOUNTED INDEPENDENTLY OF A JUNCTION BOX.**

1. Mount swivel hanger (hardware by others)
2. Feed wires and safety cable through stem and thread stem into coupler. Secure stem to fixture by tightening lock nut inside center hub.
3. Install fixture by sliding swivel ball into swivel hanger. Take care not to damage wire.
4. Attach safety cable to overhead structure. For safety cable installation refer to IS53570X.
5. Install safety strap and wire fixture per local codes.
6. Attach canopy with screws provided and snap access covers to center hub.

**NOTE: FIXTURE SHAPE AND SIZE MAY VARY**
