DESCRIPTION

With a flash of style and a touch of class, Monet makes a lasting impression. Distinctive motifs provide an artistic twist, while vivid color gels and luminous glowing edges complete an energetic design. The Monet family consists of interior sconces, pendants, and ceiling mounts, as well as exterior wall mounts. Efficient, long-lasting LEDs allow Monet to empower a space in a simple, elegant form. Exterior ADA-compliant Monet wall mount luminaires are UL listed for wet locations. This fixture is surface mounted, but fully recessed models are also available. Exterior Monet's vibrant face lights the path of egress and is balanced by a matching luminous edge.
