

# NOVATO COLLECTION

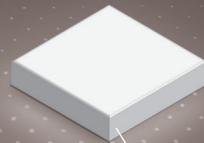

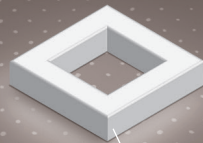

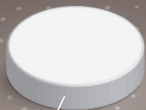

The leader in luminous forms

**SPI** LIGHTING  
[www.spilighting.com](http://www.spilighting.com)

Get the look you want and performance you need with the Novato family of products. Featuring efficacy over 100 lumens per watt delivered, Novato is an architectural powerhouse and may be the only light source you'll need in a space. Designed with comfortable luminance levels in mind, these pure luminous forms provide a pleasant recognition of the light source

Increase vertical illumination by specifying Novato. Each hand-fabricated diffuser is fully luminous on three sides and features crisp edges, evenly lit corners, and multiple finish options so you can tailor it to any space. Available in pendant or ceiling mountings in a wide range of sizes and configurations.
