

NOVATO COLLECTION

The leader in luminous forms

SPILIGHTING
www.spilighting.com

Get the look you want and performance you need with the Novato family of products. This architectural powerhouse may be the only light source needed in a space. Designed with comfortable luminance levels as a top priority, the luminous forms provide a pleasant recognition of the light source.

Increase vertical illumination by specifying Novato. Each hand-fabricated diffuser is fully luminous on three sides and features crisp edges, evenly lit corners, and multiple finish options so you can tailor it to any space. Available in pendant or ceiling mountings in a wide range of sizes and configurations.
