

ZYNN RING

Photographer: Benjamin Benschneider

SPI LIGHTING
www.spilighting.com

The background image shows a modern interior space. On the left, there is a brick wall with a series of large, multi-paned glass windows. The windows have a dark frame and some panes are frosted. A circular light fixture with a thin, glowing ring is suspended from the ceiling. The ceiling itself is a complex structure with various panels and lights. In the foreground, there is a seating area with a grey sofa and a blue armchair. The floor is a mix of grey and yellow tiles. The overall atmosphere is clean, bright, and modern.

MINIMALISM REFINED

With a cross-section of just 1.25", Zynn Ring is one of the slimmest rings on the market. Its best-in-market construction gives the luminaire an exceptionally clean appearance.

Characterized by a refined fit and finish, it's a favorite for today's architects and designers.

PENDANTS

Seamless Zynn Rings are available up to 5'. Or go bigger with segmented construction, up to 10'. Contact factory for other project needs.

Catalog ID	Size	Wattage	Delivered Lumens

Weightless presence

Beautiful and distinctive, Zynn Ring exhibits the purity and precision demanded by your most important designs. It'll leave everyone talking about what isn't there—a power cord.

Exceptional craftsmanship

Designed with meticulous attention to detail, the pendant delivers clean lines of light with zero pixelation.

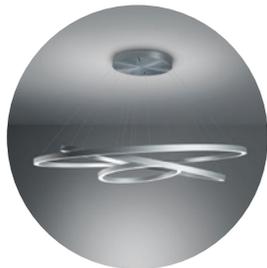

TIERS

Combine multiple Zynn Rings into a unified design element with this versatile tiered chandelier.

Catalog ID	Size	Wattage	Delivered Lumens
3-Tier AIP12165	2', 4', 5'	120 224	7,108 13,269
4-Tier AIP12166	2', 3', 4', 5'	152 284	9,004 16,823

MANY LOOKS. ONE FIXTURE.

SURFACE MOUNT

Designed for layering and featuring an invisible mount, Zynn Ring Surface Mount is perfect for ceilings and walls.
