# SLWZ Zynn Linear LED
Wall
Remote Ballast

Zynn Linear LED

Zynn delivers quality illumination in a small fixture. It has the versatility to be mounted on the wall or ceiling. Its standard overall projection is 6", 12", or 18", and is offered with remote power supply. Zynn's ETL damp location listing enable this low-profile fixture to adapt to many applications.

Specifications:

- Extruded aluminum construction provides durable protection for internal components and is recyclable.

- External fasteners are flush mounted, providing a clean design.

- Available in anodized finishes with some parts painted to match. Anodized finish provides optimal thermal effectiveness and durable corrosion protection.

- Lamp body can be rotated up to 330° for application specific aiming.

- SPI Lighting uses strict quality guidelines in LED selection to ensure the white LEDs we use meet or exceed ANSI Binning Standards (ANSI C78.377).

- **INSTALLATION NOTES:** During installation the contractor is responsible to use actual fixtures to ensure accurate mounting centers from one fixture to the next along the length of the linear run.

- Max distance to the driver is 15'. For extended distances, contact factory.

 "Designed to be LED"

Technical Notes:

- ETL listed to UL standards (US and Canada) for use in damp locations. Not recommended for exterior applications.
- L70 life = 50,000+ hours.

designed to be **LED**
