

# Lightruss Gen 2 - New Construction

LRU12461 36.00 in | Add Ons

JOB NAME:  
TYPE:  
NOTES:

## DESCRIPTION

Lightruss LED Gen 2 eliminates the need for multiple power drops and electrical conduit.

The dual-rail truss system allows for multiple circuitry, switching, and emergency circuits. The stealth design of Lightruss nests the high-performance luminaires atop the railway system – providing full cut-off and eliminating direct glare all while delivering an impressive 127 lumens per watt. With our innovative indirect lighting system, you can achieve the light levels needed for your projects with less luminaires.

Bonus! Lightruss delivers the lumens and performance needed to meet the NCAA Best Lighting Practices for broadcasting swim/water polo matches.

For a complimentary lighting layout, contact our applications team at [SPLteam@spilighting.com](mailto:SPLteam@spilighting.com).

## DIMENSIONS

## CONFIGURATOR

To configure your spec sheet online, go to [www.spilighting.com/LRU12461](http://www.spilighting.com/LRU12461). Not all options are available in all configurations; consult factory for details.
